Description

Powerful suspended system with a high-gloss finish and LED lighting. For medium-sized pools. UV-resistant, scratch-resistant, and dirt-repellent.

Areas of use

For retrofitting to all above-ground and in-ground pools, as an attraction, for fitness, as a wave or bubble bath, or for underwater massage upon medical advice. Allows swimming without turning, even in small pools.

Version

A powerful BADU pump draws water through the intake openings on the rear of the unit and returns it to the pool with a powerful jet via an adjustable nozzle. The BADU JET Riva is equipped with an easy-care, high-quality decorative inlay with a fine wood look.
