Description

Compact, drop-in system for beginners. For small pools and above-ground pools.

Areas of use

For retrofitting to all above-ground and in-ground pools, as an attraction, for fitness, as a wave or bubble bath, or for underwater massage upon medical advice. Swimming without turning is also possible in small pools.

Version

A powerful BADU pump draws water through the intake openings on the underside of the system and returns it to the pool with a powerful jet via an adjustable nozzle.
