Description

Innovative technology combined with elegant design. Perfect for recreational and leisure swimmers.

Areas of use

For wall installation in all pool designs up to 7 mm thick, except round pools. For performance-oriented workouts, relaxation, rehabilitation training, fitness, or leisure fun with the whole family. For an endless swimming experience without turning.

Version

A flush-mounted housing uses innovative propeller technology to draw water through the cover and return it to the pool in a powerful jet. The system is powered by an efficient, fanless, fully encapsulated permanent magnet motor. Power control and switching on and off are controlled via the integrated piezo buttons or a remote control.
