BADU BNR 402

BADU BNR 402 ohne Sensor, mit Magnetventil

Article number 2716607201
Product page https://www.speck-pumps.com/en/p/badu-bnr-402-ohne-sensor-mit-magnetventil-2716607201

Description

Water level control and fountain control. With conductivity probe and surge control.

Areas of use

For monitoring the pool water level, including safety features, or for regulating the water level in multiple tanks. Can also be used as a surge control.

Version

Electronic control unit with modern terminal connection technology. Adhesive pads. Conductive sensors, as level probes. Solenoid valve Rp ½, available at an additional cost. Surge water probes (hanging electrodes) and accessory assembly, available at an additional cost.

Material short text

BADU BNR 402 Niveauregul ohne Sens + MV

Technical data

Electrics

Voltage (max.)	1~ 230 V
Input voltage	230 V

General / Product features

Product range	BADU Premium

Dimensions & logistics

Customs tariff number	85371098
