Description

Self-priming gear pumps with the latest motor technology, designed as a canned motor, are maintenance-free and can be parameterized to different speeds.

Areas of use

>Medical technology: Our pumps enable precise and continuous fluid delivery. >Fuel delivery: Our pumps ensure efficient and safe fuel transfer.

Technical data

Hydraulic power

Flow rate	2.75 l/min
Förderhöhe	45.887 mWS

Motor & drive

Drehzahl	4,500 min-1
Motor phases	DC

Connections & piping

Connection, inlet / suction side	G 1/8"
Connection, discharge side	G 1/8"

Dimensions & logistics

Customs tariff number	84136031
