BADU MAT R 41 / R 51

BADU Mat R 41/3 G

Article number 2633300000

Product page https://www.speck-pumps.com/en/p/badu-mat-r-41-3-g-2633300000

Description

Everything under control with these robust all-rounders. Manual filter backwash valves as sidemount valves.

Areas of use

Depending on their size and utilization, filter systems must be flushed at regular intervals to discharge filtered contaminants into the sewer.

Version

BADU Mat R 41/3 G/BADU Mat R 51/3 G All connections are threaded.

Technical data

Hydraulic power

Flow rate	22 m³/h
Förderhöhe	0 mWS
Operating pressure max.	2.5 bar

Operating conditions & water

Temperature min.	40 ° C
